

Agenda
UHIP-GC Antimicrobial Stewardship (AS) Subcommittee
12/5/2024 @ 12:00-1:00 pm

Mission:

Protect the residents of Utah from multiple-drug resistant infections through optimizing antimicrobial prescribing practices and improving patient outcomes in Utah.

Vision:

The State of Utah strives to lead the national efforts to eliminate antimicrobial-resistant infections.

Goal:

Expand antimicrobial stewardship through collaboration with healthcare facilities to create and implement robust antimicrobial stewardship programs and improve infection control practices throughout the state of Utah.

***This meeting will be recorded for note taking purposes. Meeting minutes are publicly available, confidential information will be de-identified and is not to be shared outside this meeting.**

Time	Topic	Lead/Notes
Introductions		
12:00-12:05	Welcome <ul style="list-style-type: none"> • Approve minutes from last meeting • Introductions • Outline agenda 	Tariq/Justin
Action Steps/Plan		
12:05-12:50	1. Tuberculosis Pharmacokinetics & Pharmacodynamics	Dr. Charles Peloquin
12:50-1:00	2. DHHS TB Updates	Rachel Ashby

Questions & Answers		
1:00-1:05	1. Q&A	Presenters
Convene		
Next Meeting	Every twelve weeks <ul style="list-style-type: none"> • 3/5/2025 Minutes will be posted to the HAI website <ul style="list-style-type: none"> • https://epi.health.utah.gov/uhip-governance-minutes/ 	Tariq/Justin

Biographical Sketch: Charles A. Peloquin, Pharm.D., FCCP

Professor Chuck Peloquin received his Bachelor of Science in Pharmacy from the University of Connecticut, and his Doctor of Pharmacy from the Philadelphia College of Pharmacy and Science.

He completed his residency at Duke University Medical Center and his fellowship in Infectious Diseases and Pharmacokinetics at the Millard Fillmore Hospital in Buffalo, New York.

Currently, he serves as Professor and Division Head, Translational Research, and as the Jack C. Massey Endowed Professor within the University of Florida College of Pharmacy. He also serves as a member of the University of Florida Emerging Pathogens Institute.

For 36 years, Prof. Peloquin has been the Director of the Infectious Disease Pharmacokinetics Laboratory (IDPL), first at National Jewish Health in Denver, and for the past 14 years, at the University of Florida. The IDPL is an international reference clinical and research laboratory, specializing in antibiotic pharmacology and therapeutic drug monitoring.

Prof. Peloquin is a contributor to the US national TB Treatment Guidelines, the US national AIDS Opportunistic Infection Guidelines, selected WHO TB Treatment Guidelines, and the Curry International TB Center Drug-Resistant TB "Survival Guide." He has authored over 400 manuscripts, including over 250 original research articles, over 50 review articles, and over 50 book chapters.
