NOVEMBER 2024

Laboratory Quick Start Guide to CMS CLIA Certification

The Centers for Medicare & Medicaid Services (CMS) Clinical Laboratory Improvement Amendments (CLIA) regulates the quality and safety of U.S. clinical laboratories to ensure the accuracy, reliability, and timeliness of patient test results regardless of where the test was performed. CLIA has regulatory requirements for quality that all laboratories must meet. This guide helps laboratories seeking to apply for CLIA certification from CMS. More information can be found on the [CMS CLIA website](#).

STEP 1: Complete Form CMS-116

- Download this fillable form and type your responses in each section. Make sure you save it as a PDF on your computer.
- Include information based on the date of form completion.
- All applicable sections must be completed. Incomplete applications cannot be processed.
- To find out if the testing your laboratory is performing is categorized as waived, moderate, or high complexity—refer to the [FDA website](#). If you are unable to locate the test complexity of your laboratory testing, contact your [State Agency](#).
- For a complete list of instructions, refer to page 6 of [Form CMS-116](#).

If you are applying for a Certificate of Accreditation, you must provide evidence of accreditation for your laboratory by an approved accreditation organization as listed above for CLIA purposes or evidence of application for such accreditation within 11 months after receipt of your Certificate of Registration.

PRA Disclosure Statement
According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-0581. Expiration Date: 03/31/2027. The time required to complete this information collection is estimated to average one hour per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850. *****CMS Disclaimer***** Please do not send applications, claims, payments, medical records or any documents containing sensitive information to the PRA Reports Clearance Office. Please note that any correspondence not pertaining to the information collection burden approved under the associated OMB control number listed on this form will not be reviewed, forwarded, or retained. If you have questions or concerns regarding where to submit your documents, please contact <https://www.cms.gov/regulations-and-guidance/regulation/clia/downloads/clia.pdf> and <https://www.cms.gov/files/document/clia-operations-branch-contacts.pdf>.

Form CMS-116 (03/24)

Complete General Information in section I.

First-time applicants check “Initial Application.”

For an initial applicant, the **CLIA Identification Number** is left **blank**. When the application is processed, the number is **assigned**.

Facility Address must reflect the physical location where the laboratory testing is performed. The address may include a floor, suite and/or room location, but cannot be a Post Office box or Mail Stop.

Include your laboratory’s most up-to-date **email address** so you get important updates from CMS. **Tip:** Include a business email address that many laboratory staff access and use.

When you **check the box** to opt in, CMS will send electronic certificates and fee coupons directly to your email. You won’t need to wait for paper versions to come in the mail.

International Lab Facilities

For CLIA purposes, an international laboratory is a facility outside the U.S. or its territories that performs clinical laboratory tests referred by and returned to a facility in the U.S. or its territories.

Disclaimer: This guide is a restatement of the law intended to assist people in understanding the basics about the CLIA program, and that the reader should consult the relevant statutes and regulations for the full scope of the CLIA requirements.

LABORATORY QUICK START GUIDE TO CMS CLIA CERTIFICATION

NOVEMBER 2024

Complete Type of Certificate Requested in section II.

In section II, **Type of Certificate Requested**, select your certificate based on the highest level of test complexity performed by the laboratory (Note: all CLIA certificates are valid for 2 years):

- **Waived tests** are simple examinations and procedures that have an insignificant risk of an erroneous result. See [CLIA Currently Waived Analytes](#).
- **Moderate complexity tests** require minimal scientific and technical knowledge.
- **High complexity tests** are more difficult to perform or interpret than moderate and waived tests. Specialized scientific knowledge and training are required.

More information about each certificate can be found below:

- **Certificate of Waiver (CoW):** Issued to a laboratory that only performs waived tests.
- **Certificate for Provider Performed Microscopy Procedures (PPM):** Issued to a laboratory in which a physician, midlevel practitioner, or dentist performs only specific microscopy procedures during a patient's visit. See [list of PPM procedures](#), which are a subset of moderate complexity tests.

Form CMS-116 (03/24)

- **Certificate of Registration (CoR):** A CoR is temporary and permits the laboratory to conduct nonwaived (moderate and/or high complexity) tests until the laboratory is inspected and found to be in compliance with CLIA regulations. The CoR is valid for no more than 2 years. Only laboratories applying for a Certificate of Compliance or a Certificate of Accreditation will receive a CoR. Under a CoR, a laboratory is also permitted to conduct waived tests.

A laboratory performing non-waived tests can choose **Certificate of Compliance** or **Certificate of Accreditation** based on the agency you wish to survey your laboratory.

- **Certificate of Compliance (CoC):** Issued to a laboratory after an inspection by a CLIA state survey agency that finds the laboratory to be in compliance with all applicable CLIA requirements.
- **Certificate of Accreditation (CoA):** Issued to a laboratory on the basis of the laboratory's accreditation by an accreditation organization approved by CMS. A non-profit accreditation organization's requirements must equal or exceed CLIA program requirements to receive CMS approval.

(For multiple sites, attach the additional information using the same format.)

V. MULTIPLE SITES (must meet one of the regulatory exceptions to apply for this provision in 1-3 below)

Are you applying for a single site CLIA certificate to cover multiple testing locations?

- ☐ No. If no, go to section VI. ☐ Yes. If yes, complete the remainder of this section.

Indicate which of the following regulatory exceptions applies to your facility's operation.

1. Is this a laboratory that is not at a fixed location, that is, a laboratory that moves from testing site to testing site, such as mobile unit providing laboratory testing, health screening fairs, or other temporary testing locations, and may be covered under the certificate of the designated primary site or home base, using its address?
☐ Yes ☐ No
If yes, a list of temporary testing sites must be included on or attached to the Form CMS-116. If a mobile unit is providing the laboratory testing, record the vehicle identification number(s) (VINs) and attach to the application.
 2. Is this a not-for-profit or Federal, State, or local government laboratory engaged in limited (not more than a combination of 15 moderate complexity or waived tests per certificate) public health testing and filing for a single certificate for multiple sites?
☐ Yes ☐ No
If yes, provide the number of sites under the certificate _____ and list name, address and test performed for each site below.
 3. Is this a hospital with several laboratories located at contiguous buildings on the same campus within the same physical location or street address and under common direction that is filing for a single certificate for these locations?
☐ Yes ☐ No
If yes, provide the number of sites under this certificate _____ and list name or department, location within hospital and specialty/subspecialty areas performed at each site below.
- If additional space is needed, check here ☐ and attach the additional information using the same format.**

LABORATORY QUICK START GUIDE TO CMS CLIA CERTIFICATION

NOVEMBER 2024

STEP 5: Receive Certificate and Begin Testing

- View laboratory certificate data on [CLIA website](#).
- Laboratories with a CoR will usually have an initial survey performed during the first year of testing to confirm compliance with CLIA regulations.
- When you opt-in to get electric certificates via email, you'll get your CLIA certificate sooner.

STEP 6: Maintain Certificate

- Maintain your valid and current CLIA Certificate per the following schedule:
- Update laboratory's demographics, as needed (e.g. address, specialties).
- Laboratories must notify the appropriate [State Agency](#) (and the accreditation organization as applicable) of any of the following changes. Laboratories with a CoW or a PPM must notify their State Agency immediately to perform testing outside of their current certificate.
- Laboratories with a CoW, CoA or PPM will receive a renewal invoice 6 months prior to the certificate expiration. Laboratories with a CoC will receive a certificate fee invoice following their compliance survey, and a compliance survey fee invoice 1 year before the certificate expiration.
